Foreword

The Legislative Research Unit is pleased to present the fourteenth edition of its Catalog of State Assistance to Local Governments. This catalog is published biennially and describes state programs providing financial and technical assistance to counties, municipalities, townships, and special districts (excluding school districts). The catalog is intended to serve as a comprehensive source of information on state/local assistance, and it has proven to be a popular publication among officials at both the state and local levels. The information in this volume was compiled from a comprehensive survey of all State of Illinois agencies.

The publication of the *State Assistance to Local Governments, 2012* would not have been possible without the cooperation and support of many program managers, budget analysts, and state agency directors. Although it is not possible to list every individual's name, we are grateful to all for their contributions.

A handwritten signature in black ink that reads "Alan R. Kroner". The signature is written in a cursive, flowing style.

Introduction

The State of Illinois provides local governments with both technical services and cash assistance through programs administered by many State agencies. In FY 2010, grants and shared taxes distributed to general purpose governments and special districts (excluding school districts) were approximately \$65 billion. This included both State funds and federal pass-through funds. (The accuracy of this publication is dependent on financial and other information provided by the departments. Some departments were unable to provide FY 2010 numbers, thus the total is likely higher.)

More than 230 financial assistance programs administered by the State include grants for many purposes including: public library services for the blind and physically handicapped, soil and water conservation, housing, fire protection, museums, and drug enforcement. The State also shares revenue with local jurisdictions, which is used for a variety of programs at the discretion of the local governments. The Department of Revenue administers and distributes to local governments a percentage of the State's income tax receipts and personal property replacement tax revenues, which totaled over \$2.7 billion in FY 2010. The Illinois Department of Transportation (IDOT) allocates a portion of its motor fuel tax revenues to counties, municipalities, and townships. In FY 2010, IDOT distributed approximately \$631 million to those units for roads and other public transportation purposes. In addition, the State provides salary subsidies and bonuses to many local officials including state's attorneys, assessment officers, county clerks, police officers, and probation officers.

In addition to financial aid, State agencies also provide various kinds of technical assistance. This includes training for local officials, answering inquiries, and providing services such as computerized data, group health insurance information, or provision of surplus property. This catalog is a summary of more than 350 State financial and technical assistance programs provided to local governments in Illinois. It is intended to provide legislators, their staffs, community organizations, and local officials with the most comprehensive information on State assistance to local governments. This is the fourteenth edition of the catalog.

This catalog describes the State programs available to local governments. The agencies providing assistance are divided into three sections (Elected Officers, Code Agencies, and Other Agencies), and the agencies and programs within each group are arranged alphabetically. Each program summary is outlined as follows:

Objective: Outlines the purpose and objective of the assistance and any qualifications.

Eligibility: Identifies which types of local governments are eligible for assistance.

Funding: Lists the amounts of funds available for distribution, where applicable.

***Note:** NA = The number was not available or was not provided at the time of request.

Further Information: Identifies the *Illinois Compiled Statutes* and/or the *Illinois Administrative Code* citation applicable to the program and lists the appropriate State agency address and phone number.

To make the handbook easy to use, there is a detailed program index at the back and a table of contents which lists all the programs and their page numbers. These features should allow readers to readily locate information in which they are interested.

ATTORNEY GENERAL

INHERITANCE AND ESTATE TAX COLLECTION

Objective: The Attorney General's office provides a monthly report to those counties that have collected these taxes to help them confirm that they are receiving the appropriate return, and responds to specific questions from counties.

Eligibility: Counties.

COUNTY TREASURER TRAINING PROGRAM

Objective: The Office of the Comptroller conducts a training program for county treasurers every four years. The training is a comprehensive program designed to provide the treasurers with valuable information regarding their responsibilities and strategies to accomplish them. The Office of the Comptroller reimburses county treasurers for reasonable expenses incurred in completing the training program.

Eligibility: Counties.

Funding: Technical services only.

Further Information: 15 ILCS 405/23.

FISCAL RESPONSIBILITY REPORT CARD/DATA COLLECTION

Objective: The Office of the Comptroller assists local governments in fulfilling the financial reporting requirements of the Fiscal Responsibility Report Card Act. The Act requires local governments to file an annual financial report with the Office of the Comptroller. The Comptroller then uses the financial information and compiles data on annual revenue, expenditures, fund balances, and debt. The financial condition of local governments is annually summarized in the Fiscal Responsibility Report Card and Individual Data Summaries. The Office of the Comptroller files the report with the General Assembly and county clerks. Completed data submitted to the Office of the Comptroller is available on the Website: www.ioc.state.il.us.

Eligibility: Counties, municipalities, townships, and special districts.

Funding: Technical services only.

Further Information: 65 ILCS 5/3-11-24, 5/8-8-1 to 8-8-10; 55 ILCS 5/6-31003; 50 ILCS 310/0.01.

LOCAL GOVERNMENT ADVISORY BOARD

Objective: Illinois statutes provide for the State Comptroller to appoint a Local Government Advisory Board consisting of ten local officials, five certified public accountants, and fifteen public members. The board advises the Comptroller on issues related to local government finances and assists in the development of an overview of spending practices. Members of the Board serve in an advisory capacity and may submit recommendations to the Comptroller regarding local government finances. Board positions are non-paid, though members are reimbursed for reasonable expenses tied to the role.

Eligibility: Counties, municipalities, townships, and special districts.

Funding: Technical services only.

Further Information: 15 ILCS 405/22.1.

LOCAL GOVERNMENT ASSISTANCE HOTLINE

Objective: The Comptroller’s Local Government Assistance Hotline provides local governments with access to general information, helps with compliance issues, and assists in completing required state financial reports. The hotline also offers technical assistance for electronic filings and identifies the appropriate staff person to help local officials with their specific needs. The hotline is staffed Monday through Friday from 8:00 a.m. to 4:30 p.m. CT.

Eligibility: Counties, municipalities, townships, and special districts.

Funding: Technical services only.

ILLINOIS MAIN STREET

Objective: Illinois Main Street is a comprehensive community revitalization program that promotes the historic preservation and economic development of the state's traditional business districts. Illinois Main Street provides training and technical assistance to participating communities through

educational workshops and on-site consultation. Towns pay no participation fee, are selected through an application process on a competitive basis, and are responsible for financially supporting their local program.

Illinois Main Street represents one of the state's most effective public-private partnerships for economic development and community renewal. Since its inception, designated communities have reported net gains of more than 1,800 new downtown businesses, and have created 4,000 full-time and 3,500 part-time jobs. Main Streets have spurred more than \$123 million in public improvements and more than \$583 million in private reinvestments in their downtowns. For more information go to www.IllinoisMainStreet.org.

Eligibility: Counties, municipalities, and townships.

Funding: Technical services only.

ILLINOIS RIVER COORDINATING COUNCIL

Objective: The Illinois River Coordinating Council (IRCC) is a diverse group of citizens', grassroots', and not-for-profit organizations; state and federal agencies; sportsmen; and river enthusiasts. The IRCC coordinates private and public funding for river restoration in the Illinois River Watershed, which encompasses over 18 million acres.

The IRCC provides a quarterly forum to address watershed issues and meet with providers of technical assistance and grants. The IRCC offers occasional grants to support local efforts to clean up waterways, promote nature-based tourism and education, and fund other watershed-related efforts. Duties include working with local communities and organizations to encourage partnerships to address watershed and water resource issues, critical habitat needs, and soil and water conservation.

Eligibility: Counties, municipalities, townships, and special districts.

Funding: Technical services only.

AGING, DEPARTMENT ON

ELDER ABUSE AND NEGLECT PROGRAM

Objective: The Elder Abuse and Neglect Program became statewide on April 1, 1991. It operates in accordance with the Elder Abuse and Neglect Act (320 ILCS 20/1 et seq.), which was signed into law in 1988. The Elder Abuse and Neglect Act directs the Department to establish an intervention program to respond to reports of alleged elder abuse, neglect, and exploitation (ANE) of older persons who live at home, and to work with the older persons in resolving the abusive situations. The Elder Abuse and Neglect Program strives to build on the existing legal, medical, and social service system to assure that it is more responsive to the needs of elder abuse victims and their families. The Department designates regional administrative agencies (Area Agencies on Aging) to coordinate activities at the regional level. The Area Agencies on Aging, with Department approval, appoint local elder abuse provider agencies to respond to reports within their given geographic area.

Eligibility: Designated Area Agencies on Aging and other non-profit organizations; Chicago Department of Family and Support Services – Senior Services Area Agency on Aging.

FOSTER GRANDPARENT PROGRAM

Objective: Local public and private non-profit agencies receive grants to sponsor and operate Foster Grandparent Program projects from the Corporation for National Service. The Chicago Department on Aging is a long-time sponsor of the Foster Grandparent Program. The Illinois Department on Aging helps fund the match requirement for ten Foster Grandparent Programs funded by the Corporation for National Service in Illinois. The Foster Grandparent Program offers seniors age 60 and older opportunities to serve as mentors, tutors, and caregivers for children and youth with special needs. The seniors provide 20 hours of weekly services to community organizations such as schools, hospitals, and youth centers. In the process they strengthen communities by providing youth services that community budgets cannot afford and by building bridges across generations.

Eligibility: Any program receiving funding from the Corporation for National and Community Service.

NATIONAL FAMILY CAREGIVER SUPPORT, TITLE III, PARTE

Objective: In conjunction with services provided to seniors, the National Family Caregiver Support program was created with reauthorization of the Older Americans Act in 2000 to strengthen and support family caregivers for seniors and grandparents raising grandchildren. The five basic services offered to caregivers include: (1) information to caregivers about available services; (2) assistance to caregivers in gaining access to services; (3) individual counseling, support groups, and caregiver training; (4) respite care to enable caregivers to be temporarily relieved from their caregiving responsibilities; and (5) supplemental services, on a limited basis, to complement the care provided by caregivers. Supplemental services can include assistive devices, home modification, legal assistance, school supplies, and any other gap filling service which attempts to address a short-term caregiver emergency. The Area Agency on Aging and their service providers are required to provide a 10% local match (cash and/or in-kind) to support this federal Title III-E (CFDA 93.052) program.

AGRICULTURE, DEPARTMENT OF

COUNTY SOIL SURVEY

Objective: County governments and other interested parties are provided with updated and digitized information on soil types and appropriate land uses based on soil type. County governments are required to file a letter of intent to conduct a digitized soil survey update with the USDA's Natural Resources Conservation Service (NRCS). A contract arrangement is made for digitized soil survey costs to be paid as follows: 33.3% by the county, 33.3% by the state, and 33.3% by NRCS. Matching grants are available to counties from the Illinois Department of Agriculture.

Eligibility: Counties.

ILLINOIS WIRELESS INFORMATION NETWORK (IWIN)

Objective: IWIN is one of the essential services that must be maintained at all times because it has direct public safety implications. IWIN is a wireless wide area data network using Code Division Multiple Access (CDMA) technology (in partnership between the State of Illinois, Verizon

Wireless, and Motorola) to provide real-time, full duplex mobile connectivity to its users who are members of state and local governments and law enforcement communities. Law enforcement officers have mobile units in their squad cars that allow instant access to a variety of mission-critical database applications from virtually anywhere in Illinois. The Illinois law enforcement community uses IWIN to gain access to the Law Enforcement Agency Data Service (LEADS), NCIC, NLETS and Secretary of State databases. The network also provides users with car-to-car messaging, bar code and image capture and transfer, GPS mapping, and in-car paging capabilities. Agencies can also connect their users to their Computer Aided Dispatch (CAD) and Record Management Systems (RMS). IWIN is the largest statewide, public safety mobile data network in the country.

Eligibility: Counties and municipalities.

JOINT PURCHASING PROGRAM

Objective: Local governments are allowed to purchase items through state contracts resulting in an average savings of 30%. Local governments also benefit by not having to develop specifications and bids, which results in savings of administrative time and money. Joint purchasing entities include any public authority which has the power to tax, any other public entity created by statute, and any not-for-profit agency which qualifies under the State Use Law Program.

Eligibility: Counties, municipalities, townships, and special districts.

Funding: Technical services only.

LOCAL GOVERNMENT HEALTH PLAN (LGHP)

Objective: LGHP is a self-insured employee health, dental, and vision benefit program funded solely by participating units and administered by the Department of Central Management Services. The program, with benefits similar to the State Employees Group Insurance Program, including a traditional indemnity health plan as well as managed care health plans, and dental and vision coverages, offers local units the ability to stabilize rates, pool risks, and contain costs by using common administrative systems and limited benefit flexibility.

Eligibility: Counties, municipalities, townships, and special taxing districts.

Funding: Technical services only.

SURPLUS PROPERTY DISTRIBUTION

Objective: This program makes available to local governments equipment no longer used or required by U.S. federal installations or State of Illinois governmental agencies. Office equipment, computers, vehicles, and heavy industrial equipment are only a small part of the property that is inventoried. This property is transported to central warehouses where representatives of local governments may view and determine its usefulness to that unit's needs. The local governmental unit may buy the property at roughly 10% of the original cost. All items of property must be put in use by the local governmental unit within one year and should remain in use for at least one year. Vehicles and items over \$3,000 must remain in use for 24 months from date of receipt.

Eligibility: State agencies, boards, commissions, universities, and units of local government including counties, townships, municipalities, and non-for-profit organizations and schools.

Funding: Technical services only.

COMMUNITY DEVELOPMENT ASSISTANCE PROGRAM

Objective: Grants are provided to selected units of local government to finance projects in public works, housing, and economic development. The projects should benefit primarily low and moderate income people, improve health and safety, and increase job opportunities. Only general purpose units of government with populations of 50,000 or less can apply. Generally, governments in the urban counties (Cook, Kane, Lake, St. Clair, DuPage, Madison, Will, and McHenry) are not eligible to apply unless they have formally opted out of their respective urban county entitlement programs.

COMMUNITY SERVICES BLOCK GRANTS (CSBG)

Objective: Grants are awarded from a federal block grant to fund a variety of local anti-poverty programs including employment and economic development, family planning education, housing assistance, self-sufficiency services, and seminars to assist low-income persons in becoming more involved in community affairs. Ninety percent of the allocation is passed through the state to a network of federally recognized Community Action Agencies (CAA). In Illinois, CAAs include 11 public and 25 private nonprofit organizations. Funds are awarded to the community action agencies by a formula based upon the percentage of low-income population in the county area served.

Eligibility: Community Action Agencies.

ENERGY CODES, BUILDING INDUSTRY TRAINING, AND EDUCATION PROGRAMS

Objective: To educate the building, construction, and regulatory communities about the Illinois Energy Conservation Code for Commercial Buildings. Illinois law requires all new commercial construction for which a building permit application is received by a municipality or county to follow the Illinois Energy Conservation Code as adopted by the Capital Development Board. This code is based on the most recent International Energy Conservation Code, which is updated every three years. The Department has structured its outreach, training, and educational efforts to inform local stakeholders about the content and value of the codes through varied learning formats, including workshops and Web-based trainings, and on-going technical assistance.

Eligibility: County and municipal building code officials, building inspectors, engineers, architects, and contractors.

ENTERPRISE ZONES

Objective: Enterprise zone designation offers relaxed government controls and tax incentives to businesses operating within the zones. State incentives include investment tax and job tax credits, sales tax exemptions, certain income tax deductions, and a utility tax exemption for eligible businesses. These, mixed with a variety of local incentives, can stimulate private sector investment and the creation of jobs in the area. Zone designation lasts up to 30 years. An area must be contiguous; and have a minimum of one-half square mile and not more than twelve square miles or fifteen square miles if the zone is located within the jurisdiction of four or more counties or municipalities, in total area, exclusive of lakes and waterways.

Eligibility: Counties and municipalities.

SITES, BUILDINGS, AND COMMUNITY PROFILES

Objective: The Department provides the LocationOne Information System (LOIS) for municipalities, counties, and other local government affiliated organizations to market their available sites, buildings, and communities to site selectors. LOIS is a Web based tool that allows community organizations to publish property information, including maps, photographs, and community information, on their own Website, as well as share that information in “real time” with their economic development allies such as the State. Information on available industrial sites and buildings includes, but is not limited to, facility specs (e.g., rail, interstate, airport access) and utility services. Companies or their site selection consultants can examine community profiles for essential information on particular communities. There is no cost for communities to use LOIS.

The link to LOIS is found at the following DCEO Web page:

EMERGENCY MANAGEMENT AGENCY

NOTE: The Emergency Management Agency did not provide updated program information by the publication date for this edition of the *Catalog of State Assistance to Local Governments* (fourteenth). Therefore, the information presented in the following section is from the thirteenth edition of this publication (2009) and may no longer be accurate. Contact the Emergency Management Agency for current program availability.

DISASTER ASSISTANCE—FLOOD MITIGATION ASSISTANCE PROGRAM (FMAP)

Objective: The Flood Mitigation Assistance Program (FMAP) provides grants to states and local governments to implement long-term hazard mitigation measures to reduce the loss of life and property due to flooding.

Eligibility: Eligible applicants are state and local governments that participate in the National Flood Insurance Program (NFIP). Individual homeowners and businesses may not apply directly to the program; however, a community may apply on their behalf.

FMAP funds may be used to fund projects that will reduce or eliminate the losses from future disasters. Projects must provide a long-term solution to a problem—for example, elevation of a home to reduce the risk of flood damages as opposed to buying sandbags and pumps to fight the flood. In addition, a project's potential savings must be more than the cost of implementing the

project. Funds may be used to protect either public or private property or to purchase property that has been subjected to, or is in danger of, repetitive damage. Examples of projects include, but are not limited to:

- Acquisition of real property for willing sellers and demolition or relocation of buildings to convert the property to open space use.
- Elevation of flood prone structures.

Funding: The State receives an allocation from FEMA every year based on a formula linked to NFIP policies. Available funding is limited and varies between \$200,000 and \$400,000.

DISASTER ASSISTANCE—HAZARD MITIGATION GRANT PROGRAM

Objective: Authorized under Section 404 of the Stafford Act, the Hazard Mitigation Grant Program (HMGP) provides grants to states and local governments to implement long-term hazard mitigation measures after a major disaster declaration. The purpose of the program is to reduce the loss of life and property due to natural disasters and to enable mitigation measures to be implemented during the immediate recovery from a disaster.

Eligibility: Eligible applicants are State and local governments, Indian tribes or other tribal organizations, and certain nonprofit organizations. Individual homeowners and businesses may not apply directly to the program; however, a community may apply on their behalf.

HMGP funds may be used to fund projects that will reduce or eliminate the losses from future disasters. Projects must provide a long-term solution to a problem—for example, elevation of a home to reduce the risk of flood damages as opposed to buying sandbags and pumps to fight the flood. In addition, a project’s potential savings must be more than the cost of implementing the project. Funds may be used to protect either public or private property or to purchase property that has been subjected to, or is in danger of, repetitive damage. Examples of projects include, but are not limited to:

- Acquisition of real property for willing sellers and demolition or relocation of buildings to convert the property to open space use.
- Retrofitting structures and facilities to minimize damages from high winds, earthquake, flood, wildfire, or other natural hazards.
- Elevation of flood prone structures.
- Minor flood control projects that do not duplicate the flood prevention activities of other federal agencies.
- Post-disaster building code related activities that support building code officials during the reconstruction process.

Funding: The HMGP is calculated at 15% of the federal grant funds spent on a specific disaster.

DISASTER ASSISTANCE—PRE-DISASTER MITIGATION (PDM) GRANT PROGRAM

Objective: This program provides grants to states and local governments to implement long-term hazard mitigation measures to reduce the loss of life and property due to natural disasters.

Eligibility: Eligible applicants are State and local governments, Indian tribes or other tribal organizations, and certain nonprofit organizations. Individual homeowners and businesses may not apply directly to the program; however, a community may apply on their behalf.

PDM funds may be used to fund projects that will reduce or eliminate the losses from future disasters. Projects must provide a long-term solution to a problem—for example, elevation of a home to reduce the risk of flood damages as opposed to buying sandbags and pumps to fight the flood. In addition, a project’s potential savings must be more than the cost of implementing the project. Funds may be used to protect either public or private property or to purchase property that has been subjected to, or is in danger of repetitive damage. Examples of projects include, but are not limited to:

- Acquisition of real property for willing sellers and demolition or relocation of buildings to convert the property to open space use.
- Retrofitting structures and facilities to minimize damages from high winds, earthquake, flood, wildfire, or other natural hazards.
- Elevation of flood prone structures.
- Minor flood control projects that do not duplicate the flood prevention activities of other federal agencies.

Funding: The PDM is an annual nationwide competitive program. Available funding varies from year to year.

DISASTER ASSISTANCE—PUBLIC ASSISTANCE

Objective: The Public Assistance Grant Program (PAGP) provides federal disaster assistance for debris removal, emergency protective measures, and the permanent restoration of public facilities (e.g. road systems, water control systems, buildings and equipment, utility systems, parks) as a result of a declaration of major disaster or emergency made by the President.

Eligibility: State agencies, counties, townships, municipalities, special districts, certain private nonprofit organizations, and Native American tribes or tribal organizations.

Funding: Available funding varies from year to year.

EMERGENCY PREPAREDNESS (EMERGENCY MANAGEMENT PREPAREDNESS GRANT) (EMPG)

Objective: This program helps local jurisdictions prepare and conduct disaster preparedness exercises. Technical assistance is provided in the development of exercise objectives, scenarios, sequence of events listing, and message writing. State personnel also help during the exercise by acting as controllers or evaluators, depending on the jurisdiction’s request. Local jurisdictions that need to complete disaster preparedness exercises to maintain good standing in the Emergency Management Assistance programs are given first priority in the exercise assistance program. Jurisdictions that have recently completed or updated emergency operations are also given special consideration.

Beyond these criteria, assistance is provided on a first-come, first-serve basis. This funding now includes several former smaller grants including the Emergency Management Assistance funds, which provide reimbursement for essential emergency management and administrative expenses.

Eligibility: Counties, municipalities, townships, and special districts.

HOMELAND SECURITY GRANT PROGRAM

Objective: To enhance the capacity of state and local emergency responders to prevent, respond to, and recover from a terrorism incident involving a weapon of mass destruction (WMD). The Illinois Terrorism Task Force (ITTF), through its 15 functional committees, is responsible for recommending homeland security initiatives to the full membership of the ITTF to support the Illinois Homeland Security Strategy.

Prior to FFY 2006, Illinois prioritized the development of the statewide deployable teams, on-scene preparedness, and interoperable communications. Since FFY 2006, Illinois has focused on the development of programs and projects to prevent and protect the general public. Illinois uses funding to support statewide initiatives rather than diluting scarce federal funds by providing independent local and regional grants. Funding of these statewide initiatives is directed through statewide mutual aid organizations representing local law enforcement, fire services, emergency management, and public health.

Eligibility: Members of the Illinois Terrorism Task Force representing local first responders.

INDIVIDUALS AND HOUSEHOLDS – OTHER NEEDS ASSISTANCE

Objective: This program is to provide assistance to individuals and households affected by a disaster to address necessary expenses and serious needs which cannot be met through other forms of disaster assistance or through other means such as insurance. Upon declaration of a disaster, an application for assistance is filed with the Federal Emergency Management Agency or by visiting a Disaster Recovery Center. The state provides 25% matching funds.

STATE DISASTER RELIEF FUND

Objective: The fund can be used to assist local governments with cleanup in the aftermath of disasters such as flooding, tornadoes, wind damage, and the like. The fund can only be tapped when the Governor declares the local government to be part of a disaster area and when cleanup is beyond the means of the local government. Because funds are limited, priority will be given to those localities suffering the worst damage, particularly if the area does not qualify for federal disaster assistance. No state disaster relief was appropriated for SFY 2003 – none was used for SFY 2002.

Eligibility: Counties, municipalities, townships, and special districts.

EMPLOYMENT SECURITY, DEPARTMENT OF

EMPLOYMENT RELATED SERVICES

Objective: Programs assist businesses and local governments in meeting human resource needs and affirmative action goals. IDES provides information on various programs and incentives available through Employment Service programs and also assists in providing labor exchange services. IDES assists citizens with assessment services, job matching, veteran's employment services, youth services, Work Opportunity Tax Credits for businesses hiring employees meeting the criteria, Fidelity Bonding, and services for the formerly incarcerated.

Eligibility: Businesses, job seekers, counties, municipalities, townships, and special districts.

TAXNET—INTERNET FILING OF QUARTERLY WAGE REPORTS

Objective: Local governments can file electronic quarterly wage reports and pay contributions using Illinois TaxNet. Advantages are that TaxNet generates a list of employees from previous reports so that information does not have to be entered each quarter; it calculates taxable wages of each employee, and calculates correct amount due for the quarter. Electronic payment via ACH debit can be set up with future authorization dates, and changes to account information can be indicated. All local governments regardless of size can use this system.

Eligibility: Counties, municipalities, townships, and special districts.

Funding: Technical services only.

HUMAN RIGHTS, DEPARTMENT OF

HUMAN RIGHTS INFORMATION

Objective: The Illinois Department of Human Rights administers and enforces the Human Rights Act. The mission of the Agency is to secure for all individuals within the State of Illinois freedom from unlawful discrimination; and to establish and promote equal opportunity and affirmative action as the policy of this state for all its residents.

Local governments that have established human rights agencies with responsibilities duplicating or overlapping those of the Department may ask to negotiate a cooperative agreement with the Department. Under the terms of such an agreement, they become eligible for training, advice, and special technical assistance.

Eligibility: Counties, municipalities, townships, and special districts.

FAMILY CASE MANAGEMENT

Objective: The Family Case Management program is designed to enhance the state's efforts to reduce infant mortality and to more adequately provide for the health needs of children and pregnant women, regardless of their ability to pay. Services include prenatal care, nutrition counseling, health education, well childcare and immunizations, and assistance in obtaining other social service needs, including transportation. Family Case Management is a consolidation of the Prenatal Service Program, Pediatric Primary Care Program, and the Infant Mortality Reduction Initiative. Case Management is a key component of efforts to reduce infant mortality. High-risk pregnant women and infants throughout the state are sought out and provided support, advocacy, and assistance to ensure the provision of comprehensive medical and social services. The prenatal care component funds services for medically indigent pregnant women through 82 grantees in all 102 counties. The pediatric primary care component provides outpatient services to prevent disease or disability, or to treat an illness or other health condition of a child. These services are designed to improve the access of children age one through 19 years to high quality and comprehensive primary health care services.

HEALTH WORKS OF ILLINOIS

Objective: In collaboration with the departments of Healthcare and Family Services and Children and Family Services (DCFS), the Department of Human Services (DHS) has implemented downstate Health Works of Illinois (HWIL), a health care network for wards in the care and custody of DCFS. The purpose of HWIL is to ensure that DCFS wards receive comprehensive, quality health care services. Services provided by HWIL include early periodic screening diagnosis and treatment components, comprehensive health evaluations, specialty care referrals, and medical case management. Nineteen downstate agencies have been contracted through agreements with DHS to develop health care networks. The agencies, referred to as lead agencies, are responsible for recruiting primary care physicians and specialty care providers; training the medical case management agencies, DCFS staff, substitute care givers, and providers about the HWIL system; managing the information exchange among agencies; and consulting with DCFS to implement this system. DCFS has contracted with two community agencies in Chicago to provide lead agency functions for Cook County.

CRIME SCENE PROCESSING AND EVIDENCE POTENTIAL/HANDLING

Objective: To offer on-scene technical assistance to agencies processing crime scenes. Agencies often discover, after beginning to process a crime scene for evidence, there is a need for specialized processing techniques or equipment which exceeds their limitations or training. The Illinois State

Police will not process a scene that another agency has already completed or begun processing for evidence; however, ISP Crime Scene Investigators will respond to the scene and provide technical assistance and information to officers in such situations.

Eligibility: Counties, municipalities, and townships.

Funding: Technical services only.

CRIME SCENE SERVICES COMMAND

Objective: The Illinois State Police augments local agency efforts by providing Crime Scene Investigators to identify, collect, and preserve evidence at a crime scene. The Crime Scene Investigator serves as a liaison between the user agency and the Illinois State Police Forensic Laboratory System to ensure proper evaluation of evidentiary items as they relate to the scene. Crime scene services for crimes against persons are available 24 hours a day, seven days a week, upon request of the local law enforcement agency. Crime Scene Investigators are available to respond to property crimes from 6:00 a.m. to 1:00 a.m., seven days a week. A full range of photographic support, including spherical panoramic photography, is also available for local law enforcement. Polygraph services are available to complete a full range of examination on both internal and criminal investigations. Forensic Artists and Bloodstain Pattern Interpretation Experts are also on staff and available for local law enforcement needs. The production of two-dimensional and three-dimensional computer generated diagrams and animations of crime scenes and crash scenes can be requested for use in criminal or civil cases. The Computer Evidence Recovery Unit also responds to law enforcement requests for services related to forensic recovery and analysis of digital media.

Eligibility: Counties, municipalities, and townships.

Funding: Technical services only.

CRIME SCENE INVESTIGATOR CERTIFICATION

Objective: The Illinois State Police, Crime Scene Services Command, offers a highly interactive, five-week training course in crime scene processing. Training includes legal aspects of crime scene processing, scene management, photography, blood pattern interpretation, and autopsy protocol. The course is certified through the Illinois Law Enforcement Training and Standards Board and eligible for reimbursement for full-time law enforcement officers.

Eligibility: Counties, municipalities, and townships. International students are also welcome to attend.

Funding: Fee based course, eligible for reimbursement as available.

METROPOLITAN ENFORCEMENT GROUPS

Objective: The Department’s Metropolitan Enforcement Groups (MEG) assist local agencies in combating illegal drug traffic. In addition to monetary aid, special agents of the Division of Operations are assigned to the local area, and equipment is allocated for the MEG’s use. Local agencies must match at least 50% of the operating costs of the MEG units. Generally, this is done by an in-kind match of the salaries of the police officers assigned to a MEG unit. State grants help defray the costs of operating nine MEGs responsible for enforcing the drug laws in the State of Illinois. Currently 19 counties are involved with the MEG units statewide.

STATEWIDE TERRORISM AND INTELLIGENCE CENTER (STIC)

Objective: The program provides assistance to local and federal law enforcement agencies by responding to requests; sending daily bulletins; assessing threats to persons and infrastructures; monitoring groups suspected of criminal activity; and sharing information related to suspected terrorist activity, drug activity, violent crimes, motor vehicle theft, and internet crimes. STIC received and processed 26,300 requests from law enforcement in 2009. This service is provided free to all law enforcement. Law enforcement officers can call anytime 24 hours a day, 7 days a week for assistance. Officers will need to provide basic information for documenting the request which will include the reason for the request, “suspected criminal activity.” STIC has a Statewide Gang Intelligence Coordinator and three Gang Analysts. This group provides technical assistance through intelligence on street gangs and gang violence from a statewide perspective.

Objective: The program provides assistance to local and federal law enforcement agencies by providing specially trained and equipped officers with the capability of serving high-risk search and arrest warrants, dignitary protection, high-risk escorts, civil disturbances, and hostage/barricade incident resolution. High-risk search warrant service, often related to drug law enforcement, comprises the majority of the several hundred Special Weapon and Tactics (SWAT) missions conducted each year. Extensive training, pre-mission planning, intelligence gathering, equipment selection, rehearsal, and the use of advanced tactics are a few of the components incorporated into each

mission to ensure the utmost safety for both SWAT operators and suspects alike. SOCOM/SWAT has waterborne capabilities to assist with critical incidents identified on or near a waterway in Illinois.

HIGHWAYS/FEDERAL AID SURFACE TRANSPORTATION PROGRAM—RURAL

Objective: Funds are distributed for the construction and maintenance of rural-type highway systems. The money is allocated to each county based on: (1) 10% divided equally among eligible counties, and (2) 90% allocated using the following three equally weighted factors: (a) nonurban rural area (square miles); (b) nonurban rural population (0-5,000); and (c) mileage of all nonurban systems. Local match may be from 20% to 50%. This program was introduced by the Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA).

HIGHWAYS/GRADE CROSSING PROTECTION

Objective: Funds are available for two types of improvements: (1) railroad safety to reduce deaths and accidents at grade crossings, and (2) high hazard safety to reduce the severity and number of accidents experienced at spot locations. These funds may also be used with or without federal aid systems. The Grade Crossing Protection Fund also dedicates a limited amount of funding toward grade separation structures that eliminate at grade crossings, as well as funding for pedestrian grade separation projects and incentive payments for the elimination of public at-grade crossings. Grants are made based on merit and need; both rural and urban areas are eligible. Local governments are required to provide a 10% match.

Eligibility: Counties and municipalities.

HIGHWAYS/MOTOR FUEL TAX (MFT) ALLOCATION

Objective: State tax revenues are shared with local governments to be used for the construction and maintenance of highways. To qualify for funding, municipalities must be incorporated. Allotment is based on population. Counties receive their allotment based on total license fees in the county. Townships must levy a 0.08% road and bridge tax to be eligible to receive the money. Their allotment is based on total township mileage.

Eligibility: Counties, municipalities, and townships.

Funding: (dollars in thousands)

LOCAL ACCIDENT REFERENCE SYSTEM (LARS)

Objective: LARS is a computerized accident record system designed for local governmental agencies wanting to obtain crash information on their street or road systems. Street addresses or rural county road location reference systems are used to pin-point crashes. This information is forwarded to Springfield for input into a computerized database. LARS data is available for each year (up to seven years) that the agency is in the program. The LARS System involves only those traffic crashes occurring on public roadways.

The system includes crash data pertaining to the vehicle, driver, roadway, and occupant. Additional data includes street/road codes, violation number, badge number, and zone/beat. Over sixty data elements are coded for each crash. Some elements are: time of crash, number of vehicles involved, total persons injured, type of weather conditions, etc. Detailed information on the vehicle and driver includes vehicle type, vehicle maneuver at the time of the crash, driver's age and gender, etc. For each injured occupant in the crash, data elements include age, gender, and injury severity. The same type of information is available for crashes involving pedestrians, pedalcyclists, and equestrians.

Eligibility: Counties and municipalities.

Funding: Technical services only.

RAIL/RAIL FREIGHT

Objective: The program provides assistance in promoting economic development and job retention by preserving private sector rail service and facilitating the movement of freight within the state. Loans or grants are given to the private sector for rehabilitation, construction, and work on new industry spur projects on all types of rail lines. Local governments can benefit directly by receiving money from the state for local rail services, and indirectly from job retention when an industry or business remains in the community due to improved transportation. This program provides funds both to local governments and rail users and operators. The funds shown below are actual expenditures.

Eligibility: Counties, municipalities, townships, and special districts: port.

SAFE ROUTES TO SCHOOL (SRTS)

Objective: To use a multidisciplinary approach to improve conditions for students who walk or bike to school. Illinois Safe Routes to School funds both infrastructure improvements to the physical environment as well as non-infrastructure projects. This program is federally funded through FY 2005 to FY 2009. Local governments may apply online through our Website: www.dot.il.gov/saferoutes/. All applications require an approved School Travel Plan, and only those projects included in the corresponding School Travel Plan are eligible for funding. Projects are funded 100% with no local match required. All infrastructure improvements must be completed within two miles of a school grade K-8.

TRAFFIC SAFETY/INTEGRATED MINI-GRANT ENFORCEMENT PROGRAM (IMAGE)

Objective: The program goal is to reduce crashes, fatalities, and injuries sustained in motor vehicle crashes. The program encourages increased enforcement of laws five times during the project year against three major traffic violations: speed, occupant restraint, and DUI. Local law enforcement agencies must document increased crash problems and the contribution of speed, DUI, and non-use of restraints to injuries and fatalities sustained in the motor vehicle crashes.

Eligibility: Counties, municipalities, and special districts.

TRANSIT/OPERATING—DOWNSTATE PUBLIC TRANSPORTATION FUND

Objective: The Department provides state assistance to reimburse downstate transit operators for a percentage of their public transit operating expenses. Eligible participants are defined by the Downstate Public Transportation Act. Participants include mass transit districts, cities, and counties. The state provides up to 65% of the eligible operating costs.

Eligibility: Municipalities and mass transit districts.

TRANSIT/OPERATING—METRO-EAST PUBLIC TRANSPORTATION FUND

Objective: Reimbursements are made to two Metro-East transit operators—the Madison County Mass Transit District and the St. Clair County Mass Transit District—for operating expenses. These two districts receive all the revenues transferred into the fund, provided they do not exceed the district’s deficit. The Madison County Mass Transit District receives 45% and the St. Clair Mass Transit District receives 55% of actual transfers into the fund, providing that the districts meet the local share requirement. Both Madison and St. Clair moved to the Downstate Public Transportation Fund. As a result, no funding was appropriated for this program in FY 2009 and no future appropriations are expected.

Eligibility: Special districts: Metro-East mass transit districts.

VETERANS' AFFAIRS, DEPARTMENT OF

ILLINOIS VETERANS' ASSISTANCE FUND

Objective: This is a special fund in the State treasury. The net revenue from the Illinois veterans scratch-off game is deposited into the fund for appropriation by the General Assembly solely to the Department of Veterans' Affairs for making grants, funding additional services, or conducting additional research projects relating to veterans' post traumatic stress disorder; veterans' homelessness; the health insurance costs of veterans; veterans' disability benefits provided by veterans service organizations and veterans assistance commissions or centers; and the long-term care of veterans.

ADMINISTRATIVE OFFICE OF THE ILLINOIS COURTS

AUTOMATED DISPOSITION REPORTING PROGRAM

Objective: The participating circuit clerks provide the Administrative Office of the Illinois Courts (AOIC) an input file of disposition records of traffic and criminal offenses in the layout prescribed by the Automated Disposition Reporting Data Dictionary. This information is then formatted and forwarded to the respective state agencies. The advantage is that clerks are only required to submit one file to the AOIC, as opposed to submitting each disposition manually or providing separate files to each participating agency. This is a free program for the counties.

Eligibility: Counties.

Funding: Technical services only.

CIRCUIT CLERK LIAISON PROGRAM

Objective: This program provides assistance to circuit clerks in the operation of their offices. The Administrative Office of the Illinois Courts (AOIC) attempts to answer any questions, address any problems, or provide necessary guidance on all aspects of the clerk's duties (i.e., recordkeeping, training, statistical compilation and instruction, indexing, fine and costs distribution, statutory interpretations as they may affect the procedural aspects of the office, etc.). The office also serves as a conduit to other state offices.

Eligibility: Counties.

Funding: Technical services only.

CIRCUIT CLERK TRAINING PROGRAM

Objective: This program is designed to introduce newly elected circuit clerks to the fundamentals of the position. It consists of a two or three-day seminar for the new clerks to meet and discuss the office with veterans in the field. The topics include general responsibilities of the clerk, instruction on the operation of the office, and management training. Additionally, labor relations and personnel issues are presented. All new clerks are provided a handout of pertinent materials, and clerks who are unable to attend are mailed a copy. Included in the materials are the names and telephone numbers of contacts within the office, as well as contacts in other state offices.

Eligibility: Counties.

Funding: Technical services only.

MERGED JURY SOURCE LISTS

Objective: The lists of registered voters, licensed drivers, state ID card holders, and state disabled person ID card holders are combined into a single merged jury source list. The merged list enables counties to broaden the population base of prospective jurors so that juries can be more representative of the community. Merged jury lists are provided to counties upon the request of the chief judge of the circuit court or his/her designee.

Eligibility: Counties.

RECORDS MANAGEMENT ASSISTANCE

Objective: At the request of circuit clerks, Administrative Office staff provides assistance in the management of court records. Projects focus on methods clerks can use to efficiently comply with statutes and Supreme Court rules in such areas as indexing; case file management, including electronic records; and retention-destruction. AOIC staff advise clerks on retention requirements and oversee the destruction of court records. This assistance also includes advice to clerks on storage options available to them such as microfilming and donation to the Illinois Regional Archives Depository system.

COMMERCE COMMISSION

EMERGENCY TELEPHONE 9-1-1 SERVICE

Objective: The Commission provides information and general assistance to local governments concerning the planning and implementation of 9-1-1 emergency telephone systems. Local governments may hold referenda for approval of a telephone surcharge to fund the implementation and maintenance of such systems. System plans must be approved by the Commission prior to implementation. The Commission also provides information and assistance to local governments for implementing wireless 9-1-1 service for statewide coverage. In addition the Commission provides assistance for the implementation of private switch 9-1-1 service. Information is available upon request.

NATURAL GAS PIPELINE SAFETY

Objective: The Illinois Commerce Commission's Pipeline Safety Section conducts on-site inspections of the 106 gas system operators (66 of which are municipal systems) in the state to determine compliance with all applicable federal and/or state pipeline safety regulations. The inspectors monitor the operator's records concerning inspection, operation, maintenance, emergency procedures, and construction. Inspectors conduct field inspections of the operator's facilities to verify compliance with regulations covering design, construction, operation, and maintenance of the pipeline facilities. Pipeline Safety personnel conduct training seminars for small gas system operators. These seminars have resulted in more responsive compliance with safety requirements. Municipalities that operate a natural gas pipeline system are under the jurisdiction of the ICC's pipeline safety program for safety-related issues. Pipeline Safety personnel follow a schedule for the inspection of municipal systems, periodically provide training to municipal system personnel, and are always available to answer questions and provide assistance when needed.

Eligibility: Municipalities.

ILLINOIS CRIMINAL HISTORY IMPROVEMENT PROGRAM (NCHIP)

Objective: This program will fund an update of the criminal history records system in Illinois at both the state and local levels. It will move them from paper-based to electronic systems, which are much more responsive to users. Substantial funding will be directed toward improving the initial reporting of criminal history information and the local level interfaces. A new criminal history system will be built at the state level to take advantage of these local improvements and interface with the federal level. At the local level funds will primarily be made available for the electronic capture and transfer of fingerprints and associated information about alleged offenders.

JUVENILE ACCOUNTABILITY INCENTIVE BLOCK GRANT (JAIBG)

Objective: The funds must be used to affect improvements in twelve purpose areas and applicants must meet certain requirements in order to be eligible for funding. Up to 25% of the available funds may

be retained by state agencies with the remaining 75% to be distributed directly to locals. Localities that, by formula, would qualify for less than \$5,000 in direct federal funding must apply to the ICJIA for funds. The ICJIA will administer approximately \$818,000 in grant funds for smaller communities. The ICJIA encourages smaller communities to form local coalitions to strengthen their bid for funding.

MOTOR VEHICLE THEFT PREVENTION

Objective: To prevent, combat, and reduce motor vehicle theft in Illinois; and to improve and support enforcement, prosecution, and administration of motor vehicle theft laws by establishing statewide planning capabilities for, and coordination of, financial resources. The program awards grants to eligible recipients for projects consistent with a statewide strategy developed by the Motor Vehicle Theft Prevention Council. The Council annually develops a statewide motor vehicle theft prevention strategy that identifies areas in the state that are most in need of motor vehicle theft prevention programs; the types of programs supported by the Council; and the allocation of funds for those areas. Proposals are also accepted for consideration from other areas of the state.

NONPOINT SOURCE POLLUTION (NPS) PROGRAM

Objective: Grants are available to finance projects that demonstrate cost-effective solutions to NPS problems and promote the public’s knowledge and awareness of NPS pollution. Major sources con- tributing to Illinois problems are agriculture, livestock waste, construction erosion, urban runoff, hydrologic modifications, and resource extraction activities. Grant recipients must not only devel- op, implement, and administer a project, but also ensure its long-term maintenance. Grant pro- posals must be submitted by August 1 of each year, and should identify the type and location of water resource(s) at risk or adversely affected by NPS pollution, the water quality impact, and the causes and sources of that impact. Examples of projects funded to address these problems include streambank stabilization, detention basin retrofitting, wetlands acquisition, watershed inventories, and educational programs.

HISTORIC PRESERVATION AGENCY

HISTORIC PRESERVATION

Objective: Grants are awarded to help finance state historic preservation plans and surveys, and restore properties listed in the National Register of Historic Places. Grants are limited to governments which have received certified local government status from the National Park Service. Each application will be evaluated to determine its priority by the Department staff, the state historic preservation officer, and the Illinois Historic Sites Advisory Council. Specific national preservation objectives are subject to change each year by the U.S. Secretary of the Interior. Projects are eligible for up to 60% reimbursement assistance. The Agency also provides advisory services to any local government for building restoration technology, preparation of local preservation ordinances, design and establishment of local historic preservation programs, and economic development and tourism through historic preservation.

ILLINOIS FINANCE AUTHORITY

DISTRESSED CITIES BOND FINANCING

Objective: The Distressed Cities Bond program assists municipalities that have been declared “financially distressed municipalities” by the Illinois General Assembly, as defined by statute. IFA issues tax-exempt securities in the municipal market and uses the proceeds of the sale to purchase securities issued by a local government. IFA’s Distressed Cities Bonds are further secured by a moral obligation pledge from the State of Illinois.

Eligibility: Municipalities.

LOCAL GOVERNMENT BOND PROGRAM

Objective: The Local Government Bond Program assists units of local government, including school districts, in financing capital improvement projects. Local government and school district bonds issued through IFA are exempt from both federal and state income taxes. IFA's approval process for local government bond projects is streamlined, requiring just one meeting for approval. IFA State Aid Intercept enables the local government borrower to consent to the intercept of state aid payments to cover shortfalls in debt service payments, assuring that bondholders are paid in a timely manner.

The program provides local government units with the opportunity to achieve interest cost savings as the IFA State Aid Intercept acts as a credit enhancement. Furthermore, local government units have the ability to structure flexible loan repayment terms, e.g. fixed or variable-rate financing through IFA.

A \$250 application fee is due when the application is submitted to IFA. The application fee will be refunded at closing. Finally, a Closing Fee of 15 basis points will be charged at the time of closing, in addition to Issuer's Counsel fees which range from \$3,000 for smaller issues up to \$7,500 for larger bond issues.

Eligibility: Counties, municipalities, townships, and special districts: schools and fire protection, sanitary, and park.

Funding: Technical services only.

ILLINOIS BOND BANK POOL

Objective: The IFA Bond Bank Program combines borrowing needs of multiple units of local government in its Pooled Bond Program. IFA, operating as conduit, purchases the local government securities (bonds) of the various units of local government, and, in turn, issues its own obligations (tax-exempt revenue bonds) on the financial markets.

The pooling process allows local governments to realize savings that are achieved by sharing fixed costs and achieving economies of scale. These savings are both in terms of costs as well as through the streamlining of various procedures and related documents.

In addition, IFA Pooled Bond Issues may be supported by the Moral Obligation of the State of Illinois. Interest earned on the bonds is exempt from both State and federal income taxes. Both the State's Moral Obligation backing and the double tax-exempt status of the IFA's bonds serve to lower the overall borrowing rates of the local government participants.

Eligibility: Counties, municipalities, townships, and special districts: aviation authorities; fire protection, library, water, sewer, and park districts.
